strengthening families of different varieties and ending abuse in the myriad of forms through which it surfaces is god s way of bringing peace and safety to christian homes across the world we challenge congregations their leaders and the men women and youth who faithfully support them to consider their personal role in bringing this vision inspired by the scriptures into reality together our voices can be strong we are united in our belief that every home should be a safe home every home a shelter from the storms of life every home a place where we are supported treated with respect and dignity and every home a place where men and women are encouraged to be all they can be it is a tall order it is a dream to guide our personal

conduct and to measure our congregational and community life we are far from reaching this goal but toward it we strive

children are already learning at birth and they develop and learn at a rapid pace in their early years this provides a critical foundation for lifelong progress and the adults who provide for the care and the education of young children bear a great responsibility for their health development and learning despite the fact that they share the same objective to nurture young children and secure their future success the various practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a workforce unified by the common knowledge and competencies needed to do their jobs well transforming the workforce for children birth through age 8 explores the science of child development particularly looking at implications for the professionals who work with children this report examines the current capacities and practices of the workforce the settings in which they work the policies and infrastructure that set qualifications and provide professional learning and the government agencies and other funders who support and oversee these systems this book then makes recommendations to improve the quality of professional practice and the practice environment for care and education professionals these detailed recommendations create a blueprint for action that builds on a unifying foundation of child development and early learning shared knowledge and competencies for care and education professionals and principles for effective professional learning young children thrive and learn best when they have secure positive relationships with adults who are knowledgeable about how to support their development and learning and are responsive to their individual progress transforming the workforce for children birth through age 8 offers guidance on system changes to improve the quality of professional practice specific actions to improve professional learning systems and workforce development and research to continue to build the knowledge base in ways that will directly advance and inform future actions the recommendations of this book provide an opportunity to improve the quality of the care and the education that children receive and ultimately improve outcomes for children

jesus warned the world would hate christians if the world hates you know that it has hated me before it hated you john 15 18 as cultural hostility toward christianity intensifies many christians have grown more reluctant to advocate for biblical values in the public square but our perseverance for the common good a good defined by god alone is more important than ever in a culture that embraces darkness when culture hates you is a call for christians to unashamedly pursue righteousness in society out of our love for others in this timely resource author natasha crain will help you make sense of cultural hostility by better understanding the roots of secular outrage on issues like christian nationalism social justice abortion transgenderism and sexuality advocate for the godly functioning of society with greater biblical cultural and civic understanding take concrete action for the common good with more than 35 practical ideas to get you started as christians our calling is to speak truth in the face of hostility not because we want to war with culture but because we love both god and others

a fortnightly bulletin on financial and political trends

regulatory problems defined as excessive crying sleeping or feeding problems are among the most common concerns of parents with children 0 5 years old these problems are typically understood within the context of the parent child relationship however the complex underlying mechanisms that explain the occurrence and continuation as well as long term outcomes of regulatory problems are still poorly understood despite some promising treatment options important knowledge gaps remain to be addressed which will inform evidence based practice for services of children aged 0 5 with this research topic we aim to bring together research from different countries and from multidisciplinary research backgrounds on the topic of regulatory problems and disorders we particularly encourage research that focuses on observed parent child interactions in relation to regulatory problems we view regulatory problems as a transdiagnostic biopsychosocial concept covering excessive crying sleeping and or feeding and eating problems however studies with a focus on any of these problems are also encouraged
